REQUEST FOR ENTRY OF PETITION TO REVIVE (DUPLICATE PROVIDED)

In the above-identified patent application, a first Petition (a Petition to Withdraw the Holding of Abandonment), was denied by the Petitions Office on October 15, 2003. A second Petition (a Petition for Revival of an Application Abandoned Unintentionally), was filed on November 6, 2003. In response to a telephone request for status, Supervisory Examiner Lynne Browne of Group 3679 said that neither Petition was found in the Examiner's file. The Supervisory Examiner found the first Petition and returned it to the Examiner's file.

A copy of the second Petition, stamped "DUPLICATE" (11 sheets), and a copy of the applicant's return postcard showing that the second Petition was received by the PTO on November 10, 2003, follows this letter. The original second Petition includes a certificate of mailing under 37 CFR 1.8(a). Applicants respectfully request that the Petition for Revival of an Application Abandoned Unintentionally be entered as being timely filed, and that the Petition be favorably considered.

Respectfully submitted,

REMARKS ON

PETITION TO REVIVE UNDER 1.137(b), UNINTENTIONAL DELAY

Dear Sir:

Applicant respectfully petitions for revival under 1.137(b), (unintentional delay) of the above-mentioned patent application.

DUPLICATE**Corrected Copy of Reply**

A reply "Response to Restriction Requirement - Corrected" is enclosed herewith. The Response is corrected in respect to administrative matter only, as discussed below.

Petition Fee Required under 37 CFR 1.17(m)

A petition fee in amount \$1,330 (large entity) is enclosed herewith.

Statement Attesting Personal Knowledge of Mailing

As required under 37 CFR 1.8(b)(3), John L. Lee hereby attests personal knowledge of mailing of "Response to Restriction Requirement" on October 16, 2002.

Statement that the Entire Delay was Unintentional

John L. Lee hereby attests that the entire delay in filing the required reply from the due date of the reply until the due date of a grantable petition pursuant to CFR 1.137(b) was unintentional.

Support for Statement that the Entire Delay was Unintentional

1. "Response to Restriction Requirement" Not in Hands of Examiner .

The application went abandoned because, although the communications of October 16, 2002, (Response to Restriction Requirement), and February 28, 2003, (Duplicate Copy of Response to Restriction Requirement as Requested by Examiner) were received by the PTO on October 21, 2002, and February 28, 2003, respectively, neither were in the hands of the Examiner on May 7, 2003. The "Petition to Obtain Withdrawal of Holding of Abandonment", was filed on the advice of Examiner Hewitt received in a telephone conference initiated by Examiner Hewitt on May 12, 2003. The Petition was mailed on May 16, 2002,

DUPLICATE

and the matter lay in the PTO's hands until the "Decision on Petition to Withdraw the Holding of Abandonment – Petition Denied" issued on October 15, 2003. Thus, the delay from the due date of the reply, October 15, 2002, until the filing of a grantable petition was unintentional.

2. Petition to Obtain Withdrawal of Holding of Abandonment

The "Petition to Obtain Withdrawal of Holding of Abandonment", based on certificate of mailing, and mailed May 16, 2003, was denied as being incomplete for lack of a statement under 37 CFR 1.8(b)(3) from John L. Lee attesting personal knowledge of mailing of "Response to Restriction Requirement" mailed October 16, 2002. This omission was unintentional.

It is believed that a statement attesting personal knowledge of mailing of the "Response to Restriction Requirement" on October 16, 2002, may be required for the present petition. Accordingly, a statement attesting personal knowledge of mailing is included above in this petition.

3. Response to Restriction Requirement

The "Response to Restriction Requirement - Corrected" enclosed herewith is a corrected copy of the "Response to Restriction Requirement" mailed October 16, 2002. The Response is corrected in respect to administrative matter only, including the mailing date, the PTO address, and more significantly the errors that caused the response mailed October 16, 2002, to be untimely filed, and that in turn caused the application to go abandoned.

A first error was failure to include a petition for a one-month extension of time. It was believed (incorrectly) that October 16, 2002, the date "Response to Restriction Requirement" was mailed, was the due date. In fact, the due date was October 15, 2002. Normally, this would be triggered a conditional petition for a one-month extension of time. But in this case a first sentence "However, this conditional petition for extension of time is being made to provide for the possibility that the need for a petition for extension of time has been overlooked"

DUPLICATE

was omitted from the Summary section of the Response. The omitted first sentence should have preceded the last sentence in the Summary section of the Response, the sentence that reads "If additional fees are required for the timely consideration of this application, please charge deposit account no. 120914". The intent was to include a request for a conditional petition for extension of time. Omission of the first sentence was unintentional.

The first error is addressed by adding the omitted first sentence to the second paragraph under "Summary of the Response" in "Response to Restriction Requirement - Corrected".

A second error was a failure to delete "DRAFT" from the header of "Response to Restriction Requirement" mailed October 16, 2002. The word "DRAFT" was used in draft documents used in correspondence with the inventor. Failure to delete the word "DRAFT" before the final version was mailed to the PTO on October 16, 2002, was unintentional.

The second error is addressed by removing the word "DRAFT" from the header in "Response to Restriction Requirement - Corrected".

SUMMARY

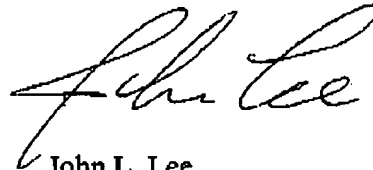

Applicant respectfully petitions for revival of the above-mentioned patent application under 1.137(b), unintentional delay, and that the "Response to Restriction Requirement - Corrected" be entered. A petition fee in amount \$1,330 (large entity) is enclosed herewith.

It is believed that no extension of time is required. However, this conditional petition for extension of time is being made to provide for the possibility that the need for a petition for an extension of time has been overlooked. If additional fees are required for the timely consideration of this petition, please charge deposit account no. 12-0914.

Grant of this petition, entry of "Response to Restriction Requirement - Corrected", and consideration of the application in respect to elected claims 1-10 are respectfully requested.
